# STREET FOOD / BURGERS

**GLUTEN FREE ...**Our standard salad dressing contains mustard but we do have a plain alternative to use.

We now have gluten free breads available to swap for with the exception of panini, flatbreads and bruschetta.

We can grill rather than batter our fish of the day to cater to gf.

Our ice creams and sorbets have no gluten containing ingredients but may contain traces.

We have a dedicated gluten free fryer but this must be turned on separately and heated so gf diners should always specify when ordering.
