Gluten Free Menu

Here at the Vaults we strive to cater for everyone. We know how hard it is to find a restaurant where you can feel confident ordering from a menu, safe in the knowledge that every care is taken to ensure the suitability of food for coeliacs.

Although we use gluten in our kitchen, we have a dedicated fryer, equipment & storage to minimise any cross-contamination.

We have carefully selected our suppliers of coeliac-friendly ingredients, including:

Hambleton Ales

Baked To Taste

Genius

We make every effort to reduce contamination — if you would like to speak to a member of staff about the measures that we take, please just ask.

Our new gluten free menu means that you can enjoy the full range of Vaults pub classics.

Now your only worry is deciding what to order!
