# Welcome to the Secret Garden Cafe

At The Secret Garden, we believe a good café should be simple: proper comfort food, great tea and coffee, and a space where everyone can relax and enjoy both.

**Our kitchen is proudly allergen-friendly, with over 90% of the menu prepared gluten-free or with gluten-free options available.** We use separate fryers, chopping boards and waffle irons to help reduce the risk of cross-contamination, because we know how important this is to you.

Vegetarian and vegan dishes have always been a huge part of what we do, and they still are. We have also introduced a small selection of meat options, giving our customers more choice while keeping our plant-based dishes front and centre.

After seven years of trading, the idea has stayed the same:

*Something for everyone.*

*All your Secret Garden favourites remain, with a few new additions we could not resist putting on the menu.*

So take your time, have a look around, and enjoy the SG. And if you are that way inclined, give us a follow and see what we get up to behind the scenes.

## We ♥ Dogs!

Dogs are always welcome at The Secret Garden.

We love having them around and there is usually a water bowl nearby and a jar of treats on standby for any well behaved four-legged visitors..
